

**Successor Solar Incentive (SuSI) Program**  
**Administratively Determined Incentive (ADI) Program**  
**Certification Form for Customer of Unresponsive Solar Installer**  
(Re I/M/O Order Modifying the Conditions for Waiving Certain Requirements for Customers of  
Unresponsive Solar Installers, BPU Docket No. QO20020184 (December 18, 2024))

The Program Manager may allow for a possible exception to the requirement that your solar installer/developer sign ADI registration documents. If your solar installer/developer is classified as (a) and/or (b) below, we will accept a Registration Certification or Final Technical Worksheet that is not signed by the Installer/Developer if the Installer/Developer who installed the subject solar system is:

(a) Debarred from NJCEP, and/or

(b) no longer conducting business in New Jersey as shown by substantial evidence, such as the filing of a Chapter 7 (liquidation) proceeding in bankruptcy, the Installer/Developer's written agreement with the Program Manager to withdraw from future participation in NJCEP unless and until the Program Manager has approved its re-entry into NJCEP, or documentation establishing that the Installer/Developer has permanently ceased to conduct business in New Jersey.

I certify that my solar installer has been (a) debarred from NJCEP and/or is no longer conducting business based on (b) above.

I hereby certify that I did not personally install my solar system and am instead relying upon the work of my defunct installer.

I hereby further certify that the foregoing statements made by me are true. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.
